

Improving outcomes for vulnerable pupils: resources, links and news.

The end of an era

This edition of our newsletter follows close on the heels of our May edition and serves to announce the end of an era and the start of a new adventure for us all at Kick Start Enterprise!

As local schools and settings may already be aware the Kick Start Enterprise contract with B&NES council to provide services to B&NES schools and Early Years settings, which we have held and enjoyed for the last 6 years will come to an end on 31st August 2017.

Some of our successes and other achievements within our last 6 years of supporting B&NES schools and EY settings can be found here: [Success Stories](#).

We would like to take this opportunity to say how much we have enjoyed working with B&NES schools and EY settings and that moving forward we would like to continue working with you independently or as part of a cluster or federation, building on the trust and strong relationship we have already formed together.

Moving forward

We have a number of service and support packages available and are constantly updating and adding to the range of resources we offer. To view the packages of services we provide and our downloadable resources please go to our website www.kickstartenterprise.com/services-and-prices.
